Grimex BIO are the go to product for those who want to wipe while they work, but ensure they are not creating any more unnecessary waste that they should. The same fantastic, powerful—and natural—Grimex formulation, that you know but on a high performance wipe made entirely from wood. And, don't be fooled, this wipe has serious performance. Perfect for people working in environment critical surroundings, such as conservation areas, in agriculture, in gardens, rivers and out at sea.
